Our "Personal Experience" on this same ship on an Alaskan Cruise, August 2026, so special and enjoyable, as my wife and I, so impressed with the ship experiences, dining options, common areas staterooms, veranda balcony access on Deck 5, entertainment nightly at "World Stage" with first class shows, Rolling Stone and Piano Bar Lounges, Jazz Bar, Billboard sing along Lounge, Library, Art Gallery, and 3-4 activity opportunities every hour on the ship, from 6 AM until Midnight, to meet everyone or anyone's desire for activity and fun, that you would not have to leave the ship to have a great vacation, yet shore excursions available at every destination, although I highly recommend a maximum three (3) excursions on any voyage, as so many activities and options on board, there is no need to spend extra time away from ship, except to explore destination for future extended trips of your choice.

Our trip will include: exclusive group pricing for veranda staterooms with private balcony seating, with full sliding glass doors, on Deck 5, or ocean view outside stateroom with picture windows on Deck 1, 6, and 7, at our special group price; or, if you wish to upgrade further and still be part of our group, you may do so through our exclusive booking agent, our "dedicated personal sales consultant," that will handle individual bookings directly through Holland American Cruise Line, Danny Joseph, in Oregon, at 1-800-355-3017, ext. 67022, or direct at 1-206-626-7350, who will handle bookings and all direct payments to Holland America Cruise Lines, as well as optional prepaid shore excursions, and airline reservations from your city to
